To whom it might concern

I, Prof. Ole Kristian Dahl, Staatliche Hochschule Für Musik Mannheim, would hereby like to express my warmest recommendations of Marcin Wosiński.

I have had the pleasure of working with Marcin over several Years and I am very impressed and pleased with his improvements and willingness to learn. He is already a solid professional bassoonist but has intensified his studies the last year and he reached new levels of instrument mastery and has developed a rich musical understanding .
He is an asset to any ensemble .

He has my warmest recommendations!
